

REMARKS

Applicants appreciate the Examiner's allowance of Claims 60, 62-65, 67-71, 73-76 and 78-90.

Specification

In the Office Action, the Examiner objects to the title as not descriptive and is requiring a new title. Accordingly, Applicants are amending the title to recite "Electroluminescence Display Device And Method Of Manufacturing The Same." It is respectfully submitted that this overcomes the Examiner's objection.

The Examiner also objects to the Abstract of the Disclosure as being in two paragraphs. Accordingly, Applicants are amending the Abstract of the Disclosure to make it one paragraph and to correct some informalities therein.

Accordingly, it is respectfully submitted that the Examiner's objections have been overcome, and it is requested that the objections be withdrawn and the application allowed.

Conclusion

Therefore, as the claims have been allowed and the objections overcome, it is respectfully submitted that the present application is in a condition for allowance and should be allowed.

If any fee should be due for this amendment, please charge our deposit account 50/1039.

Favorable reconsideration is earnestly solicited.

Respectfully submitted,
